

Artisan's Village & Brewer's University

Hosted by the Shire of Buckland Cross

June 16-18, 2017
Tohickon Valley Park

Schedule

Friday

5pm Gate Opens, Light snacks available

Saturday

7:30-9:30 Breakfast available

10a Village Artisans Open!

10a-4p Classes

Noon Dayboard available

3p-4p Arts & Sciences Consultation Table

This is a chance for artisans to get feedback on their A&S projects & documentation from those familiar with the process of judging A&S. We are happy to talk informally with you about your project, offering our general thoughts and advice, or, we can provide you with a more structured sample walk-through of your project based on the latest draft of the kingdom A&S championship rubric.

6p Feast

Dark-thirty Fire, Friends and Fables
While this is an RP, we will not be holding court. Please join us for socializing around the fire with stories, music and cheer to share!

Sunday

7:30-9:30 Breakfast available

Noon Event closes and cleanup begins

Sing for the East! CDs will be available for purchase to support the Royal Travel Fund. Please check at Gate.

Thank you to TRH Ivan and Matilde, Lady Katya, Baron Tiberius, Lady Arsinoe, all of our teachers and area coordinators and of course the Shire officers for your work in putting this event on!

Saturday Classes

11a-1p Beginners narrow band weaving, Fiber Arts

Have you recently purchased a small loom or are thinking about taking that step? Join Lady Sighridh as we go over the basics for both inkle and tablet weaving. How to choose your thread/yarn, how to read a pattern, how to warp your loom and starting to weave. A basic pattern for each type of weaving will be provided, but we'll also look at some of the books available for patterns.

11a Beginner Historical Brewing in the SCA, Brewer's University 11a Not Just Snowflakes: Papercut Art throughout the World, A&S Consult

Everyone remembers making paper snowflakes at some point in their childhood but did you know they are actually a period art? This and other styles of art- all created using just paper and a knife/chisel/scissors- have been created throughout the world since the 4th Century AD. This class with focus on teaching 3 styles: Jian Zhi from China, Sanjhi from India, and Scherenschnitte from Germany as well as the history of the art and symbolism behind subject matter and colors, etc. Supplies will be provided for the class. All over the age of 12 are welcome to participate (sitting in and observing is welcome to all who are interested).

1p A Systematic Approach to Historical Reconstruction, Brewer's University

2p-5p Japanese Temari Ball Embroidery, Fiber Arts

Come learn how to create a Temari, a decorative embroidered ball. Lady Sigridh will be teaching the basics of a simple Temari. She will explain how the base is created, but to save us time and allow us to begin embroidering right away, she will be providing prepared bases for 8 students, as well as needles and thread for the project.

2p-on Cooking Demonstration: Couscous, Open Space

2p-4p Wooden Garden Structures, Open Space

Pictures from illuminations and a couple different kinds of wood will be available for gentles to "play" with how different species of wood work for the various structures depicted.
